ATTIRE

In all performance events and conformation classes, it is expected that all exhibitors wear traditional western attire that reflects the true ranch lifestyle. Appropriate western attire includes a long sleeve shirt with collar and cuff (buttons or snaps are preferred), a western hat and boots with heels. Chaps or Chinks are allowed but not required. The main focus is on the performance and ability of the horse and rider. Clothing with excessive crystals, glitter or sequins is strongly discouraged and in no circumstance will this have advantage over other exhibitors with well fitted western attire. The addition of any protective outerwear is acceptable as dictated by weather conditions.

EQUIPMENT/GROOMING:

A) In conformation classes, horses are to be shown in good working halter; rope, braided, nylon or plain leather. No silver will be allowed on halters with the exception of the mandatory buckles only. Keepers and tips on open buckles are allowed.

B) In performance classes, equipment with silver should not count over a good working outfit. Silver on bridles and saddles is discouraged but not disallowed.

C) Lip chains, splint boots, leg wraps or bandages are prohibited in any conformation class. In the event of injury the judge may permit a protective bandage.

D) Hair dyes or fresh hoof black or hoof polish is not allowed and will result in the horse being disqualified from the class.

- E) Clipping ears, bridle path, roached manes, muzzle, and legs is left to the discretion of the exhibitor and has no bearing on the horse's conformation and/or performance.
- F) The horse should be clean and brushed. It is recommended that a horse should be shown as naturally as possible.
- G) Banded or braided manes, braided tails, tie-in tails and/or extensions are not allowed.
- H) No entries are allowed to enter the arena once the class has been called and the judging has started.

36 – 37 RANCH HORSE HALTER

- A) The horse will be judged on type, conformation correctness, and athletic ability.
- B) Ranch Horse Conformation is defined as the physical attributes necessary to perform under saddle. The ideal standard in evaluating horses in conformation should include but not be limited to soundness and correctness in conformation, particularly feet and legs with emphasis on correct manner of travel including athletic ability and the "appearance of" agility.
- C) The horse should possess eye appeal with an attractive head; refined throat-latch; wellproportioned trim neck; long sloping shoulder; deep heart girth; short back; strong loin and coupling; long hip and croup. The horse should show balance and uniform muscling with enough athletic ability to perform different tasks on the ranch.
- D) Horses are not penalized for scars or brands.
- E) All stallions two years and older shall have two visible testicles. Crypt orchids will be excused from the ring prior to the final placing by the judge.
- F) Only mares and stallions will be examined for parrot mouth and those found to exhibit same will be excused from the ring prior to the final placing by the judge.
- G) All lame horses will be excused from the ring prior to the final placing by the judge.
- H) Rating conformation depends upon objective evaluation of the following five traits: balance, structural correctness, breed and sex characteristics, with emphasis on correct manner of travel, degree of muscling, and agility. Of the five, balance is the single most important, and refers to the structural and aesthetic blending of body parts. Balance is influenced almost entirely by skeletal structure.

73 – 74 RANCH HORSE PLEASURE

A horse will be shown at three gaits - the walk, jog and lope. He will also be asked to reverse away from the rail, to stop and to back. The judge may ask for an extended walk or jog. Extended jog may be ridden by sitting in the saddle, posting or standing in the stirrups. Maximum credit should be given to the horse that has a flowing stride, is balanced, and that gives the appearance of being willing, fit, alert and a pleasure to ride while possessing great athletic ability and agility. Rider shall not be required to dismount except in the event the judge wishes to check equipment. Horses are to be shown at a walk, jog and lope on a reasonably loose rein or light contact without undue restraint.

83 – 84 RANCH HORSE TRAIL

The ranch trail class should test the horse's ability to cope with situations encountered in everyday riding. The horse is ridden through a pattern of obstacles which should nearly approximate those found during the course of everyday work. The horse/rider team is judged on the correctness, efficiency and pattern accuracy with which the obstacles are negotiated and the attitude and mannerisms exhibited by the horse. Judging emphasis is on identifying the wellbroke, responsive and well-mannered horse which can correctly navigate and negotiate the course. The ranch trail course will include no less than six and no more than nine obstacles. It is mandatory that the horse be asked to walk, trot and lope during the course.

MANDATORY OBSTACLES AND/OR MANUEVERS.

- Ride over obstacles on the ground (usually logs or poles).
- Opening, passing through and closing gate
- Ride over wooden bridge
